# John Alexis Villabeto

E-Commerce Warehouse Staff @ Hatasu Philippines  
Taytay, Calabarzon, Philippines

## Summary

My name is John Alexis Villabeto, I am a Freelancer with not much yet professional experience. But, If you give me opportunities in this field. I can assure you that I will do my best to meet your standard of work. I'm interested in this opportunity because I want to know more about myself, strength and weaknesses to develop and hone my knowledge and skills more. I want to support myself and my future self through this.

The last job I had was Data Processor in Multilingual Department Speaking Team in

CCK City Network Inc. that has been operating for 17th years. In CCK all Data

Processor score tests of the Japanese students from elementary to college level, covering various subjects. We process their development and record the results on our quota sheet.

Also I am also a self-motivated problem-solver and a team player. I Hope that I can work for you.

Best regards.

Freelancer

Yours sincerely, Ja.Villabeto
