Irish Ann M.

Software Quality Assurance Analyst

Valenzuela, National Capital Region, Philippines

Summary

I'm an enthusiastic Computer Engineering Technology graduate with a strong interest in both data analytics and software development.

I'm excited about harnessing the power of data to uncover insights, while also honing my skills in making innovative software solutions.

Let's connect and share our passion for all things tech!

Experience

Bigcat Software Solutions, Inc.

QA Analyst

March 2023 - Present (1 year 10 months)

Makati, National Capital Region, Philippines

Responsibilities:

- Ensure software testing quality and meet client deadlines.
- Utilize tools such as JIRA for project management and API Postman for API testing.
- Assist in creating test plans to align software features with business requirements.
- Create bug tickets and effectively communicate with the responsible team for issue resolution.
- Collaborate with other teams to provide valuable insights on encountered issues.
- Conduct cross-checks to validate expected functionality.
- Detail-oriented approach to QA analysis.
- Continuous commitment to enhancing product quality.
- Exceeding client expectations.
